### MORE FROM THE WORLD OF MUNCHKIN™

#### Kill-O-Meter

Never lose track of your combat strength again! The *Kill-O-Meter* has a side for the Munchkins and one for the Monsters – and it comes with cards for *Munchkin* and *Munchkin Quest*!

#### +6 Bag o' Babes

Six female pawns for use in *Munchkin Quest* or any game!

#### Mini-Expansion Update

We've learned that *Fairy Dust* and *Waiting For Santa* have cards that are curling badly. Rather than sell substandard cards, we're reprinting these and should have them early next year. We apologize for the inconvenience.

#### Fairy Dust

The Sparkly Good Fairy wants all the munchkins to play nice, and she's willing to bash heads to make sure they do.

#### Waiting For Santa

Be careful . . . Santa may have a lot of treasure in that bag, but he's Level 12, and he has friends.

#### New Chibithulhus

The cuteness is spawning all over! FIVE new little ones, just in time to use as adorable, brain-sucking stocking stuffers! Check out the family album at [chibipics.worldofmunchkin.com](http://chibipics.worldofmunchkin.com).

#### There's an App For That!

Want to track your level in *Munchkin* and *Munchkin Quest* with your iPhone or iPod Touch? How'd you like to get a Boon once per game as well? Now available at the Apple App Store! [level-counter.sjgames.com](http://level-counter.sjgames.com)

GURPS is the "Generic Universal RolePlaying System." It starts with simple rules, and builds up to as much optional detail as you like.

### Lois McMaster Bujold's Vorkosigan Saga Sourcebook and Roleplaying Game

## The Stars Are Right

Part game, part puzzle: this one defies easy description. You've got tiles, you've got Mythos creatures to summon, and you've got patterns to match. To win, you'll need to spot the constellation – or the potential for the constellation – and build your stable of Minions and Servitors. When you've got enough bonus stars – or get lucky! – you can summon a Great Old One!

## Nanuk

Boast of your hunting skills! Doom the foolish! Loud fun for 5-8 players! Play in just 30 minutes! Great for casual gamers and families.

The board is solid, the figures are plastic . . . just check out our unboxing video: [frag.sjgames.com](http://frag.sjgames.com). A picture (or video!) is worth a thousand words.

## Revolution!

This Euro-style board game has been getting rave reviews on BoardGameGeek.com, as well as from the crowds at Origins, GenCon, and PAX – heck, everywhere we've taken it to demo. It takes just a few minutes to learn, and each game takes less than an hour to play. There are many strategies to victory, but none will guarantee a win, especially if your opponents are keeping an eye on you!
